EXHIBITOR WIRELESS INTERNET INSTRUCTIONS

To access the Exhibitor Wireless Service provided by Smart City Networks at the Greater Columbus Convention Center, please follow these instructions:

1. With a WiFi enabled device find the wireless network named **Exhibitor Internet**.*
2. Connect to the wireless network named **Exhibitor Internet**
3. Once connected to this network, **open up an Internet browser**.
4. You should be automatically redirected to the Exhibitor Internet splash page, regardless of what your homepage is set to.**
5. If you are a returning user, or you have already been assigned an account, enter your **existing user name** in the Login: (*E-mail*) field and your **existing password** in the *Password* field and then **click Login**.
6. If you are a new user, simply select the number of days that you wish to purchase from the drop down menu, then **click BUY NOW**.
7. Enter **your first and last names** in the appropriate fields.
8. Enter **your e-mail address** in the appropriate field (this will be your username) and then type the password that you wish to use. You must **retype your password** to confirm.
9. Enter the **zip code of the credit card** that you will be using for payment, **click Next**.
10. Enter the credit card information that is requested.
11. **Click in the checkbox** that you understand and accept the Terms and Conditions and **click Submit**.
12. Once your information has been verified, and payment processed, you will receive a confirmation email with purchase receipt.
13. The web page will be redirected back to the Exhibitor Internet homepage that should state "You are now connected".
14. You can now begin using the service that you have purchased.***

If you have any problems, please contact our helpdesk at (614) 827-2570.

*The wireless network inside the exhibit hall only operates on the 5 GHz spectrum. If you can only see the Exhibitor Internet wireless network on your device outside the exhibit halls then your device is not 5 GHz capable. Smart City does have 5 GHz USB adapters available for purchase. Please call (614) 827-2570 if you are interested in purchasing a 5 GHz USB adapter.

**If you are not automatically redirected, check to see if you have <http://about:blank> or a corporate Intranet site set as your homepage. If you do, navigate your browser to any public site, such as <http://www.smartcity.com>, which should cause you to be redirected to the Exhibitor Internet splash page.

***The Exhibitor Internet wireless network operates on a bandwidth limit of 1.544 Mbps upload and download speed per device. If you have multiple devices, you will have to go through the process listed above on each device and purchase each separately.

NOTE: Smart City Networks cannot guarantee the functionality of VPN client software with the Exhibitor Internet service.
